Summary

I am a PhD candidate at the Annenberg School for Communication, University of Pennsylvania. I use computational social science methods to explore the visual representation of social identity in political communication. My dissertation project leverages Urban Visual Data to study how out-of-home political advertisements influence electoral outcomes in Mexican elections.

Education

Annenberg School for Communication, University of Pennsylvania , PhD in Communication – Philadelphia, PA, USA	May 2027
Annenberg School for Communication, University of Pennsylvania , Master of Arts in Communication – Philadelphia, PA, USA	May 2024
Universidad Panamericana , Bachelor of Arts in Communication – Mexico City, Mexico	May 2018

Technical Skills and Methodologies

Languages: Spanish: native speaker, English: advanced (C2), French: intermediate (B2), German: intermediate (B1)

Methods: Computational visual analysis, natural language processing, machine learning, social media data collection, survey and experiment design, content analysis

Programming: Python, R, Git, HTML, CSS

Software: Gephi, Adobe Illustrator, GitHub, Stata, Applied AI

Relevant Experience

Politics, Identities, and Communication Lab – Annenberg School for Communication, University of Pennsylvania May 2025 – present
Research Fellow

- Co-authored ‘WhichTok? Comparing Three TikTok Data Acquisition Tools’ (Jeon et al., 2025, under review), contributing to theoretical conceptualization, writing, reviewing, and editing.
- Ongoing project: ‘Aligned identities, curated politics: Mapping political expression on TikTok across the ideological spectrum’, contributing to theoretical conceptualization, formulation of overarching research goals, methodology design, computational visual analysis of over 5000 TikTok videos, writing, reviewing, and editing.
- Ongoing project: ‘What do engagement metrics measure? Strategic optimization and content characteristics in AI-related content on TikTok’, contributing to theoretical conceptualization, formulation of overarching research goals, methodology design, computational visual analysis of over 2000 TikTok videos, writing, reviewing, and editing.
- Secured \$10,000 USD via the Annenberg School for Communication Internal Grant for the project ‘Identifying Biases in VLMs’ Zero-Shot Classifications of Race and Gender’ (2026-2027 academic year), as principal investigator.

Introduction to Communication Behavior – Annenberg School for Communication, University of Pennsylvania Jan 2026 – May 2026
Teaching Fellow

- Provided individual assistance and clarification during dedicated office hours.
- Assisted the instructor with logistical tasks, such as managing the online learning platform and maintaining grade and attendance records.
- Graded and provided dedicated feedback for assignments and final papers.

Center for Advanced Research in Global Communication – Annenberg School for Communication, University of Pennsylvania Aug 2022 – Aug 2023
Research Fellow

- Worked under Dr. Juan Llamas Rodríguez's supervision on the development of a mixed-methods study on the representation of gender and skin color stereotypes in Mexican telenovelas and TV series (a report commissioned by the Luminate foundation).
- Co-authored 'Poder Prieto: Media, Colorism, and Cultural Activism in Mexico' (Llamas-Rodríguez and Téliz Martínez, 2026, in press), contributing to theoretical conceptualization, formulation of overarching research goals, writing, reviewing, and editing.

Children and Media – Annenberg School for Communication, University of Pennsylvania Aug 2024 – Dec 2024
Teaching Fellow

- Provided individual assistance and clarification during dedicated office hours.
- Assisted the instructor with logistical tasks, such as managing the online learning platform and maintaining grade and attendance records.
- Graded and provided dedicated feedback for assignments and final papers.
- Assisted in designing and grading exams.
- Taught lecture on racial representations in children's media.

DragonLab Consultants – Mexico City, Mexico 2021 – 2022
Researcher

- Participated in the research consulting project titled 'Analysis of Court Rulings with Gender Perspective'.
- Analyzed and coded the content of 342 court rulings to determine if Mexican judges use gender perspective adequately.
- Performed the statistical exploration of the data sets obtained from said content analysis.
- Synthesized the results from the content analysis into a report that Mexico's Judiciary will use to evaluate the nation's Protocol to Judge with Gender Perspective.

Quantitative Methods for Communication Research – Universidad Panamericana, Mexico City Jan 2020 – Dec 2022
Instructor of Record

- Served as the Instructor of Record for an undergraduate-level course, delivering all lectures and directing all class activities for the Communication major.
- Introduced the programming language R into the curriculum as the main tool for learning Quantitative Methods.
- Designed all educational materials, including original slides, assignments, tests, and lab activities.
- Held regular office hours for student assistance and managed the grading of all assignments, including weekly lab activities and final projects.

Facultad Latinoamericana de Ciencias Sociales (FLACSO) – Mexico City, Mexico 2018 – 2022
Research Assistant

- Analyzed data and designed visualizations for a research project about the gap between political and economic globalization.
- Coordinated a research consulting project to identify the strengths and weaknesses of the evaluation system of information transparency for the National Institute of Access to Information and Personal Data Protection.
- Developed an academic program and created didactic content for the National School for Women of the Institutional Revolutionary Party, empowering female members through education on gender perspective, political representation, and communication strategies.
- Created educational content for the Migrant-e project (led by the Universidad Nacional Autónoma de México), teaching undocumented immigrants in the United States about their rights and safety tools.

Honors and Awards

Graduate Scholarship in Sciences and Humanities

2025

Awarded by the Ministry of Science, Humanities, Technology and Innovation of Mexico (SECIHTI)

Fulbright García-Robles Scholarship

2022

Awarded by the US-Mexico Foundation (COMEXUS)

Scholarly Memberships and Service

Center for Information Networks and Democracy – Annenberg School for Communication, University of Pennsylvania

2023 – present

Doctoral fellow and meeting administrator

Center for Advanced Research in Global Communication – Annenberg School for Communication, University of Pennsylvania

2022 – present

Doctoral fellow

Graduate Student Council – Annenberg School for Communication, University of Pennsylvania

2023 – 2024

Member and information manager
